“I would like to affirm that the Prof. Faroug Kadouda's commemoration ceremony had been in great shape and highlighted manifold faces that Prof. Faroug Kadouda represents (academician to political activist) |. The biography had been written in a way that touch the heart and reveal the human aspect of the Prof. Faroug Kadouda. My best wishes for the Prof. Faroug Kadouda's center for development and democracy. Here again my sincere condolence to Prof. Asma El Sony and her daughters”
